Portraits of Hawaii  
26 boxes

#### Abstract

Portraits of Hawaii, a company located on Kaua'i, and run by Carol Ann Davis, has been a provider of academic photographs to the local schools for several decades, as well as responsible for yearbook photography, as well as wedding and family event coverage.

#### Scope and Content

This collection consists of 26 boxes of photographs – high school seniors for 1998-2005, family events 1987-2004, and weddings 1998-2004. There is an index to the wedding photographs.

Senior photographs are arranged by year, in alphabetical order, and include multiple proofs as well as negatives. 2002 through 2005 are digital, using CDs.

The family photographs are arranged by alphabetical order, and cover approximately 1000 events. Weddings are also arranged alphabetical without divisions by year – about 60 weddings are represented in this collection.

Personal data, including financial information, has been removed from collection and destroyed.

This material supplements earlier Carol Ann Davis donations of senior portraits for the years 1991-1994, which are stored in 6 additional boxes. A list has been provided for these years; however, multiple proofs are not always available.

The boxes are plastic, and are about 20 x 15 x 5.

Donated to the Kaua'i Historical Society in 2007 by Carol Ann Davis.

Accession no. 2007.009

Processed in 2008 by Marylou Bradley with the assistance of many KHS volunteers.
