Lihue, Kauai, Hawaii

MS 95

MS 95**Title: Kauai Historic Preservation Review Commission, 2001-2017****Extent:** 5 LF 5in. (13 archival boxes)**Abstract:**

This manuscript is a continuation of Manuscript 19, the abstract of which is still applicable and is repeated here:

An ordinance to establish the Kauai Historic Preservation Review Commission was introduced in 1986. At the same time, Kauai County became a Certified Local Government (CLG), becoming eligible for funding under part of the National Historic Preservation Act of 1966, as amended. CLG provides funds and sets standards for historic preservation. Funds are provided via the Department of the Interior by way of the Hawaii Department of Land and Natural Resources to help community governments promote historic preservation activities. To obtain this funding source, a local review commission is required, as well as public participation, and establishing an inventory of historic resources and sites. Kauai and Maui counties alternate in receiving the annual Hawaii CLG grant funds.

The Kauai Historic Preservation Review Commission is a nine-member panel and meets on a regular monthly basis. Staffing is provided by the Kauai County Planning Commission. KHPRC commissioners serve three-year terms and have professional backgrounds in the fields of history, archaeology, architecture or architectural history, Hawaiian culture, and/or planning, Board members are appointed by the Mayor and the County Council.

The tasks for the Commission include : establish and maintain an inventory of historic sites and resources; protect, preserve, promote, enhance and develop historic resources; encourage and assist in the nomination process for the national and state registrations of historic resources; assure development, usage, and/or alteration of structures in a historic area are consistent with their environment; and help formulate guidelines and policies regarding historic resources and sites.

This set of commission records cover the years 2001 to 2017.

These records came to the historical society on July 25, 2017, deposited by Pat Griffin.

These records are open to research with no restrictions.

Kauai Historical Society Accession Number is 2017.013.

Processed in February 2023 by Marylou Bradley and Ramona Kincaid.

Scope and Content:

The records are arranged on a monthly basis. The agenda and minutes appear in the same file along with supporting documentation that is also listed in the container list.

Major reports have been removed from the archive, cataloged, and are now available in the Kauai Historical Society library collection. Notations appear in the container list for each item removed to the Library. Formal reports which remain in the files are noted as such on the container listings. Additionally, a list of these items follows in chronological order (initial numbers refer to box and folder locations followed by the title of the document):
